27 RANGE

World Premiere of the twin  
outboard installation

PRESS RELEASE Jan 15th, 2026

## TWIN POWER. ONE PURPOSE – PURE FREEDOM.

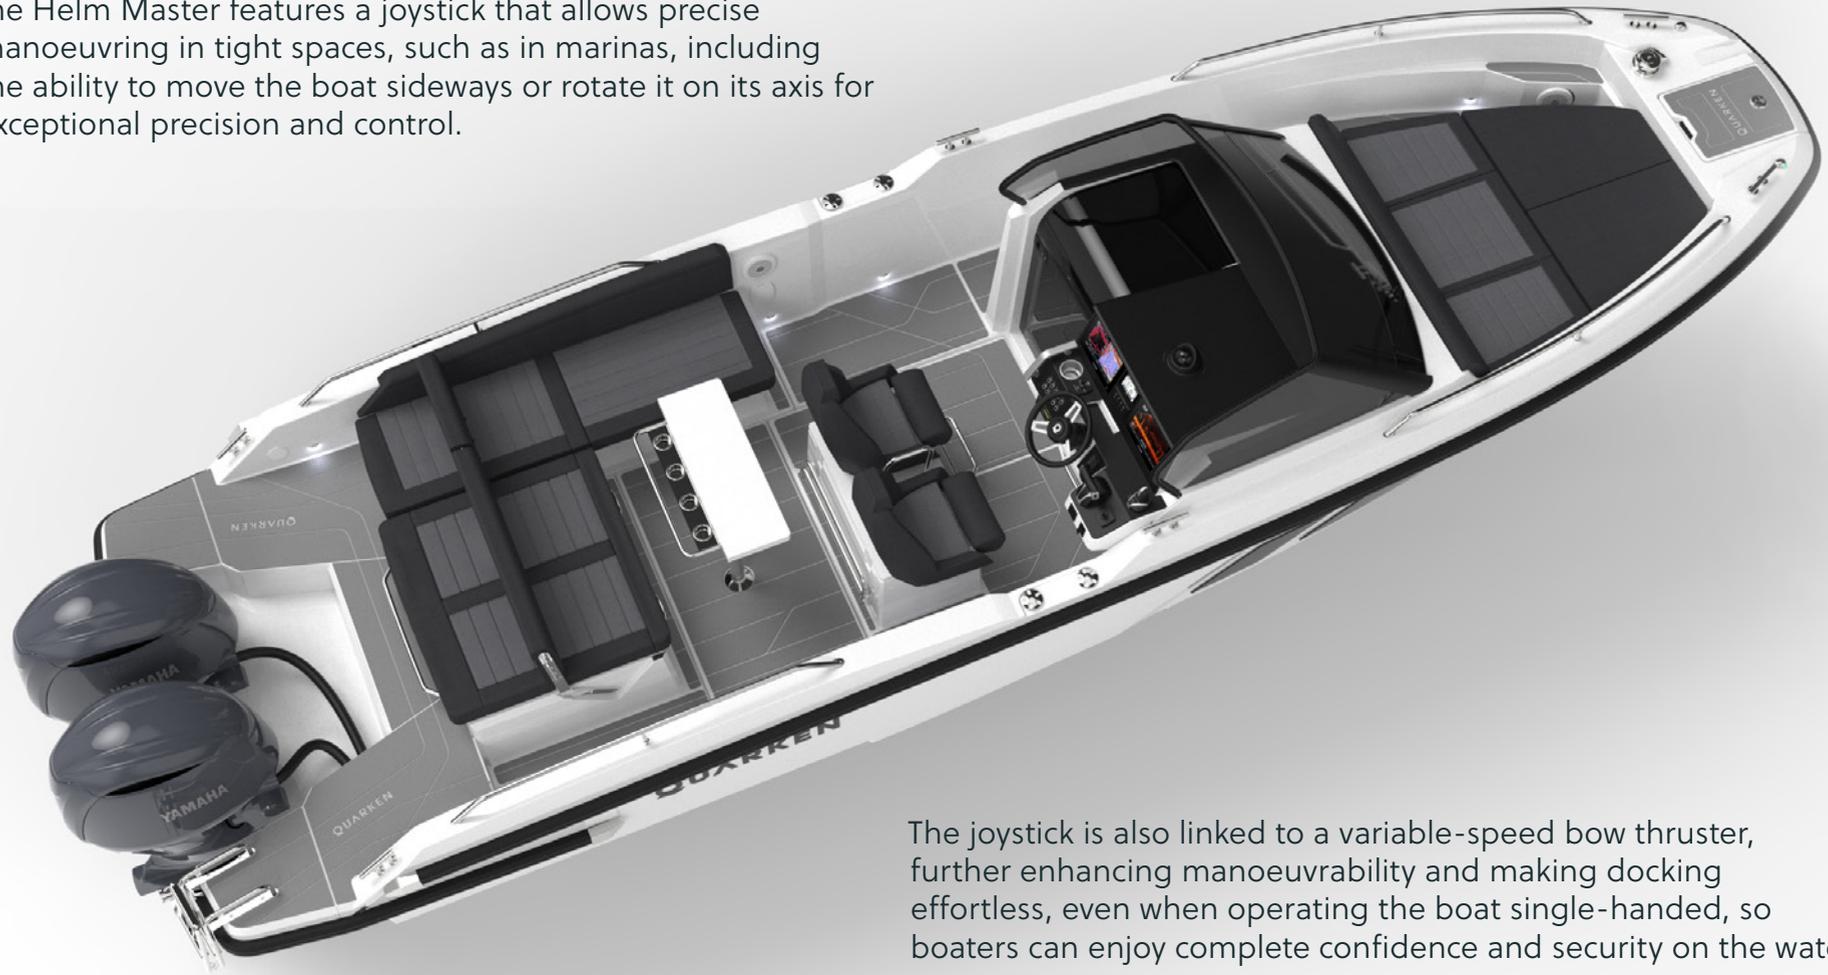

A long-awaited engine upgrade is finally available for the models in the 27 range. Showcased for the first time at BOOT Düsseldorf the Quarken 27 T-Top with twin Yamaha 150 hp engines together with Yamaha's Helm Master and autopilot system. This upgrade brings enhanced safety and control on the water.

Experience a new level of performance and confidence. Twin engines deliver precise handling and exceptional manoeuvrability. Docking is significantly simplified, as the skipper can control the vessel primarily through throttle input alone.

Acceleration is brisk, and top speed is reached more swiftly than with a single installation. Twin propulsion adds stability and comfort, particularly in rough conditions, by distributing the load more evenly across the hull.

In addition, the twin-engine setup can be paired with Yamaha's Helm Master and autopilot system. Designed with modern styling, a premium feel, and refined ergonomics, the Helm Master features a joystick that allows precise manoeuvring in tight spaces, such as in marinas, including the ability to move the boat sideways or rotate it on its axis for exceptional precision and control.

The joystick is also linked to a variable-speed bow thruster, further enhancing manoeuvrability and making docking effortless, even when operating the boat single-handed, so boaters can enjoy complete confidence and security on the water.

The result: refined power, composed handling, and total peace of mind – hallmarks of the new Quarken 27 twin engine experience.

## THE QUARKEN 27 FLEET

The Quarken 27 range is available in Open, T-Top, and Cabin versions. The Open and T-Top models can be specified with the Version 2 layout, designed around social lounging areas and seating for up to nine people. The helm features three rotating, length-adjustable seats that can face the aft cockpit table, opposite a sofa with a sliding backrest for flexible seating. In the aft, there is a wet bar with a lid that is equipped with a built-in hand basin and storage as well as a trash bin.

## QUARKEN 27 CABIN – MULTIPURPOSE ALL-ROUNDER

Confident, comfortable and versatile, the Quarken 27 Cabin is designed for effortless boating in all conditions. Its adaptable layout suits warm climates while extending the season in cooler weather, and it's easy to handle whether cruising with company or alone. The bright, panoramic saloon forms the social heart onboard, seamlessly connecting to the aft deck through large sliding glass doors for excellent airflow and freedom of movement. With a flexible seating arrangement, smart access solutions, and a fore cabin with a double bed, the 27 Cabin is an ideal commuter and a capable choice for comfortable weekend trips.

## QUARKEN 27 T-TOP – RELAX AND ENJOY

The 27 T-Top offers the perfect blend of thrilling performance, sun protection, and comfort to enjoy life on the water with family and friends.

Pure, state-of-the-art Nordic design and elegance, combined with smart functional solutions, lie at the heart of the 27 T-Top. The innovative interior concept offers a wide range of customization possibilities, allowing you to choose the perfect setup – from an open layout to a full sun lounge area on both the foredeck and aft deck – for relaxation, swimming, and sunbathing. The T-Top roof provides excellent protection and shade on the warmest summer days, while an optional wraparound canopy offers all-weather protection.

The 27 T-Top handles with confidence and remains stable and predictable in all conditions, delivering a smooth and safe ride. The ultra-modern helm station is designed around the skipper's needs, with displays and switches ergonomically positioned within easy reach.

## QUARKEN 27 OPEN – SPORTY ATTITUDE

The Quarken 27 Open is designed for open-air day boating, combining sporty performance with sleek styling and versatile deck solutions. A carefully balanced layout maximizes open space and social areas. The large open cockpit with standard aft sofa can be customized into a port-side L-sofa or expanded with a sunbed extension to create a full sun lounge. Flexible dining options are available both aft and forward, while the bow bench converts easily into an additional sun-lounging area.

QUARKEN 27 OPEN / T-TOP  
WITH TWIN YAMAHA 150HP OUTBOARD SETUP

**TECHNICAL INFORMATION**

Length (excl. engine)	8,35 m / 27,39 ft
Beam	2,59 m / 8,49 ft
Weight (incl. engine)	2500 kg / 5512 lb
Draft to props	0,85m / 2,78 ft
Engine	2 x 150 hp
Passengers	9
Berths	2
